Dear Authors,

1. We are glad to inform you that your paper has been selected to be included in the JOP (Journal of Physics Conference Series) indexed in SCOPUS.
2. However, you still need to revise the paper according to the layout based on JOP template, language, and Content in your article because as our reviewers have **found** some corrections in it according to the reviewer comments (as attached).
3. Authors should adhere to publisher's publication requirements, including, but not limited to, length of papers and format. Please prepare your revised paper according to guidelines we attached template.
4. The committee has provided its best efforts to assist the publication process at Scopus-indexed publication. Due to the cost of publication imposed on us, and the JOP still has the right to reject the paper when it is not appropriate, therefore the author has to fulfill all the requirements mentioned above.
